Re: Officer Involved Shooting on January 4, 2015

Greeley, CO – The investigation is continuing into the officer-involved shooting of Michael Ray Rodriguez on January 4, 2015 in Evans, Colorado. Detectives assigned to this case are in the process of conducting a full, complete and thorough investigation.

One component of this investigation was a complete processing of the shooting scene by major crime scene investigators. In doing so, investigators utilized numbered evidence placards to individually identify all items of potential evidence. The numbers associated with these evidence placards are not indicative of the number of shots allegedly fired by police officers during this incident, contrary to some information that has been offered to media outlets by inaccurate sources.

Based on the investigation thus far, eleven (11) shots were fired by law enforcement officers.

The District Attorney's Office expects to complete its review of this incident within 30 to 45 days.
