Health Matters, Especially Yours at Weld County Employee Medical Clinic

Care where and when you need it

When you get sick, you want health care that's convenient. Our health center is available to give you prompt, quality care.

Quality care you can trust

You and your covered dependents (age 2 and up) receive quality care from our board-certified providers. At all times, federal and state law along with company policy ensure your medical records remain private. We respect all HIPAA regulations regarding your privacy and confidentiality.

“Deciding to go on the County health plan in order to utilize the WCEMC is the best choice that I have made regarding our medical needs. The staff is always pleasant to work with. We are seen quickly and go home feeling very well taken care of.”

Affordable care

At Weld County Employee Medical Center, we believe health care should be easily accessible and affordable. That's why we offer services at no charge.

We focus on total health

We are all about your health. We focus on prevention and wellness so that you can get and stay healthy.

To further ensure your quality care, we can:

- Coordinate treatment outside the health center when needed
- Refer you to an in-network provider when appropriate
- Transfer records to and communicate with referral physicians
